• TG-STEALTH

Tangem – A Secure and Convenient Crypto Wallet in a Single Card

Discover simple and safe management of cryptocurrencies and NFTs. Tangem combines the highest level of security with maximum convenience – no cables, batteries, or complicated setup.

- Top-level security: private keys never leave the card; chip resistant to attacks and extreme conditions
- EAL6+ Certification: firmware audited by Kudelski Security and Riscure
- Manage thousands of cryptocurrencies: over 16,000 tokens across 80 blockchains, including DeFi, NFTs, and DeEx
- Easy to use: simply tap the card on your phone and control everything via NFC
- Smart backup: a second Tangem card serves as a secure backup without a seed phrase
- Durable for up to 25 years: water-resistant, dustproof, X-ray resistant, and able to withstand extreme temperatures
- Perfect gift: give a card preloaded with BTC, ETH, or any cryptocurrency
