Spigen Essential 30W Wall Charger EE301EU, all black

• ACH09493

Spigen Essential 30W Wall Charger EE301EU is a compact yet extremely powerful USB-C charger that adapts to virtually any device. Thanks to intelligent power distribution and support for the most widely used charging protocols, it delivers fast, safe, and efficient charging at home and on the go.

- Up to 30W output via USB-C – supports PD 3.0, PPS, QC 2.0/3.0, AFC, FCP, SCP, Apple 2.4A, and DCP
- One charger for all your devices – ideal for phones, tablets, headphones, smartwatches, and other accessories
- Quantum Boost technology – smart power optimization based on the connected device
- Ultra-compact design (32 × 32 mm) – perfect for travel and everyday use
- Multi-level protection – safeguards against overcharging, overheating, voltage fluctuation, and overcurrent
- Durable PC construction – long service life and stable performance
